the new Hauff wall collar

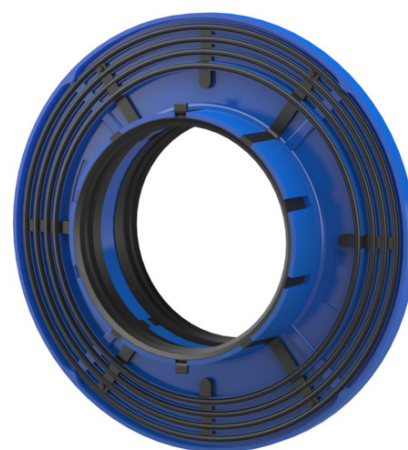

KGF110

Article no.: 3030300095

- **Quick, tool-less assembly**

Water barrier flange for water pressure-tight integration of waste water pipelines in floor slabs.

Picture may differ from selected product

FACTS

Application range:

- Waterproof concrete stress class 1, Waterproof concrete stress class 2

Advantages:

- High dimensional stability thanks to two components injection molding

Properties:

- Suitable for all standard smooth pipes
- 2 TPE profile double sealings

Material:

- ABS/TPE

Tightness:

- Pressure tight up to 2.5 bar \triangleq 25 m water column
- Radon tight

FEATURES

Carrier pipe \varnothing_a (mm):	110
Wall collar OD (mm):	212
Packing unit (pieces):	15
GTIN:	4052487220170
