

Enabling Push Notifications on Your iOS Device

This guide provides detail of the process of enabling push notifications from Newton Cloud to your iOS device.

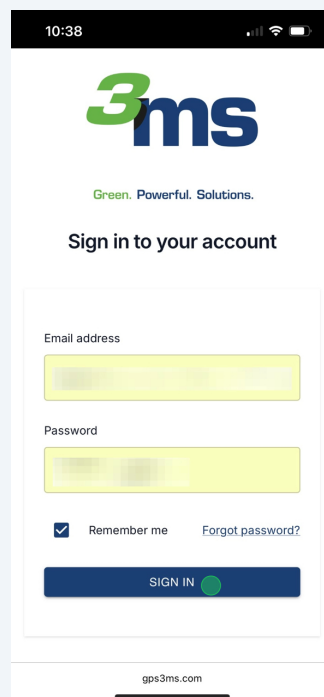

1 Open Safari.

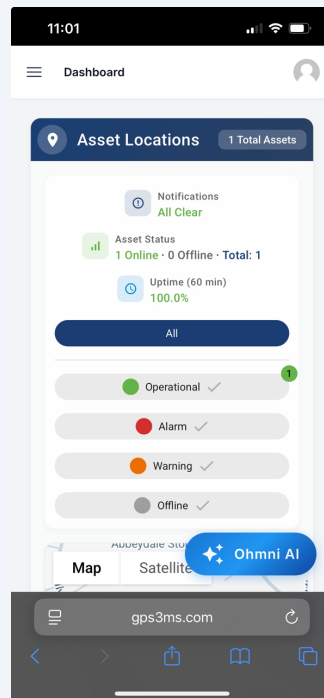

2 Navigate to <https://gps3ms.com/signin>

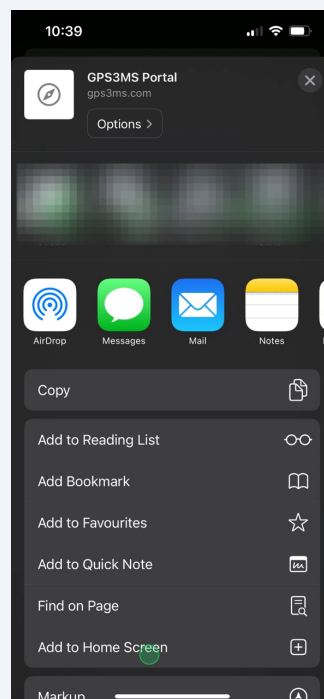

3 Input login details and press 'Sign In'.

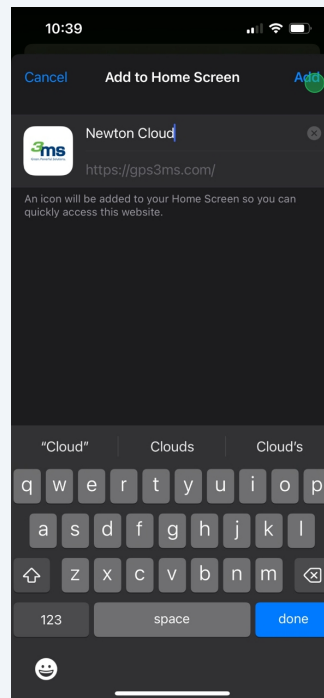

4 Open share menu.

5 Select 'Add to Home Screen'.

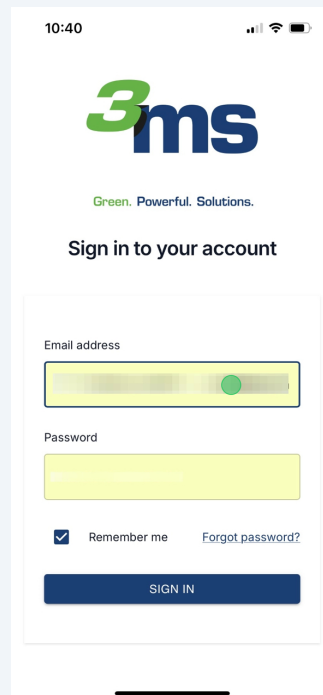

6 Tap 'Add'.

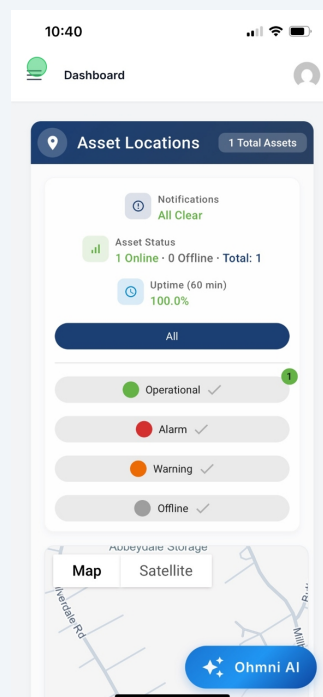

7 The WebApp icon now appears on your home screen. Tap to open WebApp.

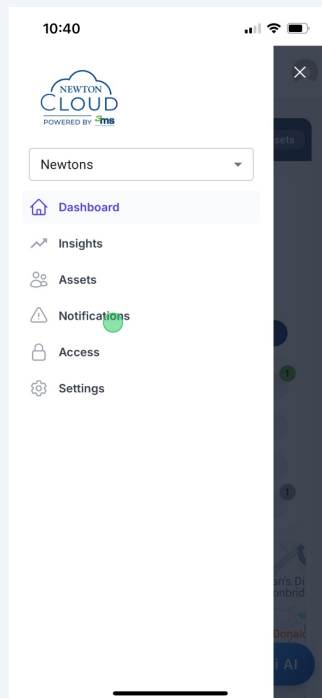

8 Input login details and tap 'Sign In'.

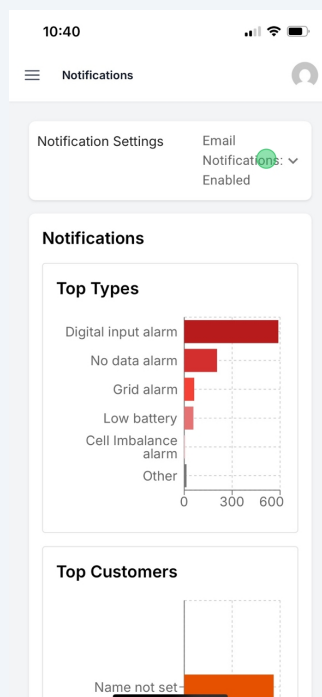

9 Open menu by tapping the three horizontal lines.

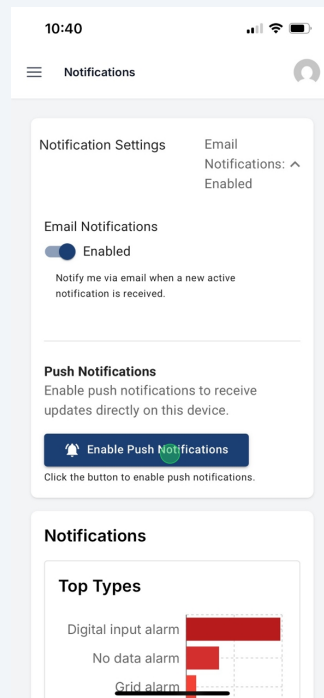

10 Tap 'Notifications'.

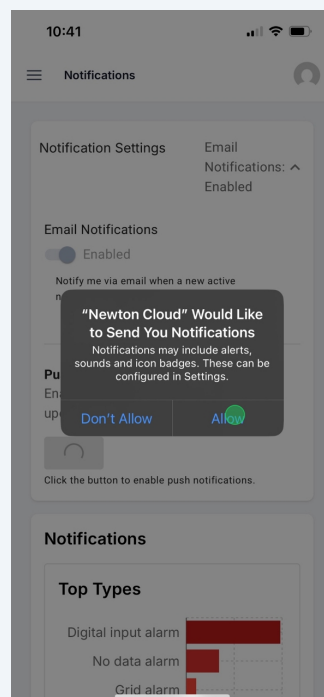

11 Open Notification Settings drop down.

12 Select 'Enable Push Notifications'.

13 'Allow' notifications.

14 Push notifications for your Newton Cloud account are now enabled.
